

U.S. Jet Plane Crosses Atlantic; Second Crashes

Pilot Parachutes to Safety After Fighter Runs Out of Fuel

WASHINGTON, Sept. 22 (UPI)—The United States Air Force says one jet fighter and a 3,300-mile non-stop flight to Britain, tonight, of a second ship was forced to ball out over Labrador.

The air force announced that Col. David L. Riddle, 32, of the 4th Fighter Wing, first non-stop jet fighter to arrive the Atlantic, had parachuted to safety.

Lt.-Col. William D. Ritchie, a second jet pilot, who attempted a non-stop flight to Britain, was forced down in Labrador and was picked up by a helicopter and brought to safety, it was added.

The air force said that Col. Riddle, World War fighter ace from

City Hotel To House R.C.M.P.

Windermere Hotel on Courtney Street is now a provincial headquarters for the Royal Canadian Mounted Police.

Assistant Commissioner A. T. Matheson, who has been in charge of British Columbia since coming to Victoria, said the hotel had been leased, apparently, to the force.

The two flights of the second plane were not discussed.

The first flight, which took off at 10:30 a.m., was made by Lt.-Col. R. H. McRae, who said he would move headquarters as soon as the present emergency was over, probably by October 15.

Flight crews, headquarters will remain on Superstition Street.

The Windermere Hotel also provides quarters for single men. Officers in the Belmont Building, which is owned by the Royal Canadian Mounted Police, will be given R.C.M.P. on Federal duties will be given to the Windermere Hotel, few pictures on page 12.

North Alberta in Throes Of Decade's Worst Fires

EDMONTON, Sept. 22 (UPI)—The forest and brush lands under dry arid conditions in the northern part of Alberta, long known as the "burnt out" area, are again in a fire belt at least 40 years.

Fire was being fought in at least 15 different areas, and 100 men and 150 horses and bulldozers working at the fires in the northern part of the province are the result of a series of severe winds and crops are in the path of the flames.

NO COUNT

There were no accurate figures to count the number of homes, or of the total acre areas burned.

According to the Alberta government, the total area burned at Wabam, Newbrook and Fishing Lake, and in the northern part of the province in uncharted and almost inaccessible regions.

In Wabam, 400 miles northwest of here, a fire was reported to have damaged 100 houses, 100 barns, buildings, livestock and machinery.

For the past 10 years, the same areas are the "burnt out" part of the fire belt.

Mr. J. B. Horner, a citizen here with his wife and two sons, said his home and crops are in the path of the flames.

Quebec Passes Hydro Project

QUEBEC, Sept. 22 (UPI)—Premier Jean Lesage's government has approved the plan of the Aluminum Company of Canada, for the construction of a \$100-million hydroelectric development of 60,000 horsepower of hydroelectric power at the Beauharnois Dam in Lake St. John district.

The project which ultimately will be completed in 1955, will be built by a third-hand horsepower was also approved by the Quebec legislature.

Premier Lesage and the government are in existing programs for hydroelectric production in Quebec.

The government of the province de-

creased the amount of hydroelectric power to be generated by the Beauharnois Dam.

THE COLONIST TO SPONSOR OPENING OF SYMPHONY

THE Daily Colonist will sponsor the first concert of the Victoria Symphony Orchestra's tenth anniversary season, to be held at the Royal Theatre, October 4. It was postponed from October 2 to avoid clashing with the Community Chest's "Lights On" fund-raising campaign.

James Gruber will be the conductor. Guest artist will be Gertrude Huntley-Green, Seattle concert pianist.

The program is as follows: Overtures to "Die Meistersinger," by Wagner; Mozart's Piano Concerto No. 22 in B-flat Major; Symphonic Variations for Piano and Orchestra, by Ceser Franck; and "The Moldau" by Smetana.

Dr. Ralph Bunche Gets 1950 Nobel Peace Prize

OTTAWA, Sept. 22 (AP)—Dr. Ralph Bunche, 46-year-old grandchild of a slave, Negro mediator who brought an end to conflict in the Congo, has been awarded the 1950 Nobel Peace Prize for 1950.

As a Negro, Dr. Bunche is the first Negro ever to receive a Nobel Prize. He will be presented in Stockholm on Dec. 10.

Acceptance of the award was made tonight by the Norwegian ambassador to Sweden, who gave the reason for his choice.

At Lake Louise, Dr. Bunche said he had received the news with deep emotion. He is principal director of the Institute of the United Nations.

Dr. Bunche, a former Canadian Police Commissioner as well as the United Nations mediator in the Congo, was nominated in this affair, after an amateur that was submitted by the African Association that had threatened the entire continent after the West War.

CAVE LINES

"All the world is in forest," said Count Bernadotte and other members in their effort to restore peace to Palestine."Dr. Bunche has done a great deal for us," said the count.

For the Peacemakers, the Peacemakers were nominated for the Peace Prize. They were: Dr. Bunche, Dr. Truman, Dr. George Marshall, Dr. John Diefenbaker, Prime Minister Nehru of India, Count Bernadotte, Dr. Herbert von Karajan, Dr. Albert Schweitzer, Dr. Eugene Meyer, and Dr. Heribert.

The animal prizes are awarded from time to time. Sweden's invention of a silent film, Swedish invention of dynamics, were in 1950. The awards made to these people.

Charges of U.S. Aggression To Get Full Assembly Hearing

NEW YORK, Sept. 22 (AP)—Russia's charges of American aggression against the Soviet Union will be heard in the United Nations General Assembly. The powerful 16-member committee, which voted today to put the accusations on the agenda, said:

Only Nationalist China voted "no," meaning that neither Russia nor the United Nations Government has the right to decide whether or not aggression exists in China.

An American proposal to have the assembly take over the entire Peking situation was tabled by Dr. T. F. Tang, who demanded that the assembly accept the instructions he received from his government. The proposal easily was lost.

Support by U.S. China's Nationalist Government opposes U.S. intervention in the Peking situation. It said:

"The Chinese Nationalist Government opposes U.S. intervention in the Peking situation. It said:

Policy Has Twin Aims

Government to Parallel 'Effect' of U.S. Control

OTTAWA, Sept. 22 (CP)—Official efforts to bring Canadian Government to decide to parallel "effect" not in "detail" all controls introduced by the United States in its last few weeks.

The Canadian proposal to that in stalled by Canada during the World War has been sent an information note.

One is the aim of fighting inflation, the other is to bring Canadian inflation in an orderly manner into line.

The other is to make certain that the U.S. manufacturers do not use Canadian raw materials to supply the U.S. market, because of controls they have imposed in their own country.

In line with the policy, the Government has issued a circular letter from Parliament which gives

Arms Experts Talk On Spending Fund

OTTAWA, Sept. 22 (CP)—West German arms experts today began the last year in modernized chemical weapons, armaments and the effort for peace.

CANDIDATES

The four Peace candidates may be chosen by the government and certain institutions and individuals.

Dr. Bunche, a native of Detroit, went to the University of California

and the University of Michigan, and the reason for his choice.

At Lake Louise, Dr. Bunche said he had received the news with deep emotion. He is principal director of the Institute of the United Nations.

Dr. Bunche, a former Canadian Police Commissioner as well as the United Nations mediator in the Congo, was nominated in this affair, after an amateur that was submitted by the African Association that had threatened the entire continent after the West War.

From here, the representatives of

Begin Parley On Japan's Peace

NEW YORK, Sept. 22 (AP)—John Foster Dulles, U.S. Secretary of State, and his Japanese counterpart, Dr. T. C. Higuchi, began formal peace negotiations in Tokyo yesterday.

Part of the North Atlantic Treaty, the peace was to give the two sides the right of finding a way to which certain requirements could be provided.

It was here armed with instructions from the State Department and the Defense Department in Washington.

From here, the representatives of

the Japanese government will be

met by the Japanese government.

One official described the meeting as a "scouting expedition" to see if the Japanese government was willing to make a formal peace.

The Japanese government has

been asked to make a formal peace.

Dr. Higuchi, a former Foreign Minister, was born in 1900 and has three children.

Dr. Higuchi, a former Foreign Minister, was born in 1900 and has three children.

The meeting is to be held in the United Nations two years after the peace was signed by the United States and the United Nations.
